I write with reference to your request dated 13 August 2018 on EU Funding reference CA12
Please find the response provided below.

Question:

I am looking for information of examples of EU funding awarded to projects or infrastructure in the combined authority area.

I am interested in any examples of funding awarded during the last +/-15 years.

I realise that the combine authority is relatively new, but that it was preceded by a similar Local Enterprise Partnership.

Many thanks in advance for responding with relevant information on EU derived funding.

Response:

The attached spreadsheet provides a summary of all projects with an element of direct EU funding delivered by the Local Enterprise Partnership, which comes to a total allocation of £740,655. The Combined Authority has not been awarded any EU funding to date.

In addition to the funding we receive directly from EU sources we run a Growth Hub (signpost2grow.co.uk) which is partially funded through claims to Norfolk and Waveney Enterprise Services (NWES) who are funded by a £3m EU grant. The funding claimed from NWES was £92,053 in 2017-18 and £13,665 to date in 2018-19.

While we do not maintain a record of EU funding awarded to other entities within the Combined Authority area there is a list of beneficiaries of funding awarded by the European Regional Development Fund (ERDF) and the European Social Fund (ESF) to authorities in England at the below link (see the beneficiary lists). If you wish for further details on the use of these funds please contact the recipient organisations.
