Dear [REDACTED]

Re: Freedom of Information request ref CA274

Thank you for your request for information received on 27 November 2023. The response is given below:

Request

Please could I request a copy of any reports, studies, presentations, documents, meeting minutes and details of work items with consultants published in 2023 relating to existing and proposed DRT services run by, or run in conjunction with, the CPCA.

I would expect this information to cover:

1. The existing Ting service and in particular the recommendation to retain and refocus the service, the underlying information used to make this recommendation, and the nature of that refocusing stated as "a focus on the more rural communities which are not serviced by other routes."
2. The proposed Fenland, East Cambridgeshire and South Cambridgeshire DRT services.
3. The CPCA's recent stated list of potential benefits for DRT: Flexibility and Convenience; Improved Accessibility; Cost-Efficiency; Reduced Congestion and Emissions; Tailored Services for Specific Groups; Technology Integration; Adaptability to Changing Urban Dynamics; Reduced Need for Personal Vehicle Ownership.
4. A comparison with alternatives such as timetabled services, and semi-flexible services.

Please could you also provide the plan of work to develop the pilots including timescales and reports which are expected to be produced, and details any work which will be done by consultants.

If a document or part of a document would require significant redaction please just list the document and the reason why the redaction is required, as I appreciate redaction is time consuming and I do not want to create unnecessary work.
