Re: Freedom of Information request ref CA377

Thank you for your request for information received on 6 January 2025. The response is given below:

We do not hold the requested information. Despite conducting a thorough search, we have been unable to locate the requested information due to changes in systems and personnel.

Question 2: List of each intervention funded through the programme, including any descriptive or summary text explaining what the intervention was, how many learners started and completed each intervention so far.

Year 3 is still in progress and so verified numbers are not available. We have not tracked completions as part of Multiply, so this data is only those who have taken part in Substantive Learning

Question 3: If possible or easier, please provide this broken down by provider. I would be happy to forego this element if the information is not already available or this would take this request over the amount of time allowed for FOIs.

This is not possible to do.

Question 4: A breakdown of the up-to-date outturn/final spend was for each intervention or group of interventions.
